

# NORWAY HEWN® LOG RAILING SYSTEMS

## HAND CRAFTED FROM NORTHERN WHITE CEDAR

Interior or exterior our line of Norway Hewn Log Railings will add functional beauty to your home. Our custom designed handrails are crafted from Northern White Cedar for its light natural appearance and natural decay resistance advantages, and are available in a variety of classic to contemporary styles.

### HAND HEWN PROFILE

*Rounded logs are tapered and bored to create this straight-from-the-woods design.*

*Small variances with log dimensions can be expected  
Posts: 5.5"-6"; Rails: 3.5"-4" Spindles: 2.75"-3"*

All of our railing styles are sturdy and reliable. Our custom designed handrails are offered in a hewn or sanded-hewn textured touchable finish. All railings are available with an interior clear finish, or choose from our selection of exterior grade finishes. Due to the precision in both the design and construction, our railings fit together tight and secure without the use of fasteners for a beautiful clean look.

### SQUARE PROFILE

*Edges are machined to a radius for a smooth, friendly to the touch finish.  
Rails are recessed to receive balusters.*

### HAND HEWN PROFILE WITH ALUMINUM

*Utilizing the same great posts and rails, we've added aluminum balusters in your choice of color: Black, Green, Brown & Bronze*

Each railing is unique and highlights the natural beauty supplied by Mother Nature. Our railings comply with local and national code standards and are offered in both straight and stair runs. You dream it, we'll design and build it - just supply your measurements and we'll take it from there! Visit our website to help get you started.
