

Defining A Beautiful Home

LP SmartSide trim and siding help give your home the warm, natural look of real cedar without the worries. It's the perfect upgrade from vinyl siding and a beautiful, durable alternative to fiber cement. Plus, LP SmartSide products are the perfect accent to brick, stone or stucco homes. With an extensive array of profiles and prefinished colors, you can make your home the ultimate reflection of your unique style.

Tough From The Inside Out

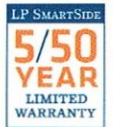

Every LP SmartSide product is manufactured with our proprietary SmartGuard® process to help resist decay, fungi and termites in even the harshest environments. To prove it, LP SmartSide

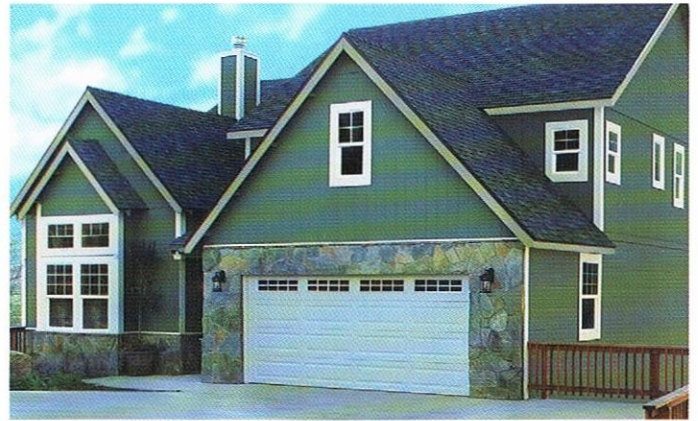

products are subjected to intense testing in the jungles of Hilo, Hawaii. Our samples are still performing after being subjected to testing representing several decades of harsh exposure.

A Warranty That Protects Peace Of Mind

All LP SmartSide products come backed with an industry-leading, fully transferable warranty.* It's the kind of warranty that protects your investment and peace of mind.

- 5-Year 100% Labor & Replacement On LP SmartSide Trim And Siding
- 50-Year Prorated Limited Warranty On LP SmartSide Trim And Siding Substrate
- Plus A 15-Year Limited Warranty On Nature's Era™ Prefinishes**

The Enduring Colors Of Mother Nature

LP SmartSide products are also available prefinished in 19 beautiful Nature's Era colors. Born from nature's palette, each rich and luxurious hue opens up opportunities to enhance your home's exterior and surrounding landscape!

Nature's Era Prefinish Advantage:

- Innovative enamel-based coating that's ready for installation
- Will not chalk, peel, blister or erode
- Applied to targeted mil thickness specifications for extremely durable, long-lasting protection
- Prefinished by Northwest Factory Finishes, a local leader in prefinished siding
- Nature's Era Prefinishes are backed by Mason's Select® 15-Year limited warranty**
